Fear Russ British Break

MOSCOW, May 18.—(By the United Press)—A break with England is feared by responsible governmental personages here. Russia will be unable to go much further in meeting demands set down in British ultimatum it was pointed out by them today. It is not believed that Lord Curzon will hedge in his attitude and demand complete compliance.

Labor Opens Big Bank; Has Million Stockholders

NEW YORK, May 18.—(By the Associated Press)—Labor's second venture in banking in New York City was dedicated today at the formal opening of the Federation Bank at Thirty-Fourth street and Eighth avenue.

The new institution jointly organized by the Central Trade and Labor council of this city and the state federation of labor starts with an authorized capitalization of \$1,000,000, and according to its officers, a million stockholders.

Other labor banks for which charters have been applied, will bring the number in this city to four, all launched this year, and the number in the United States, where three years ago there were none, to 23, including 14 in operation and nine authorized by local or national unions.

The amalgamation of the clothing workers is already in operation on Union Square, New York.

A chapter of the Brotherhood of Locomotive Engineers and one of the International Ladies' Garment Workers' Union, rumors to be opened.

Many Labor Enterprises

The rapid spread of labor banks, initiated by the union leaders and members to the quick success of the Brotherhood of Locomotive Engineers Co-operative National Bank at Cleveland, has started a mushroom growth of other co-operative labor enterprises, ranging from mines to doughnut shops.

There is a brotherhood investment company at Cleveland with a capital of \$100,000 which finances businesses for other union groups and the Cleveland Coal River Collieries, known as the "mine with a soul" which digs and transports fuel to the homes of union men.

Although the coal miners themselves have not acquired a mine, they have set up throughout the eastern coal-producing centers, a chain of co-operative stores, which distribute coal, clothing and other necessities, buying in huge quantities, selling at low prices, and turning over millions of dollars worth of merchandise annually.

The United Mine Workers of America is understood to have contributed largely to the organization of this store system.

An increasing number of hospitals, conducted by union locals and national bodies are springing up in many states. The International Printing Pressmen have a hospital in Tennessee, where ailing men from all over the nation are to be sent.

Among novel labor ventures in this city is the Brownsville Co-operative Gas Co., owned by a Socialist group. It has a \$100,000 working capital, each stockholder owning one share, and a plan of piece of property bearing a union label.

Later banks are, however, becoming the investments of most union groups. (Continued on Page Fifteen)

Athlete Held In Student Mystery

CHICAGO, May 18.—(By the Associated Press)—Charles "Chuck" Palmer, star football player and senior at Northwestern University, after being held part of the time in a cell, which he referred to as a dungeon, since 7:00 a. m. yesterday, in connection with the state's attorney's investigation of the disappearance of Leighton Mount, a freshman, after a class rush in 1921, was freed on his own recognizance today by Chief Justice McKinley. Palmer was directed to return to court at 2:00 p. m. today.

Although the case has been investigated largely by the organization of this sports system.

CHICAGO, May 18.—(By the Associated Press)—Investigation into the mysterious disappearance of Leighton Mount, Northwestern University student, missing for twenty months, that gained impetus with the detention of Charles "Chuck" Palmer, star athlete at the university, today centered on a story told by Mrs. Violet Bachman, his former friend.

On the strength of Mrs. Bachman's charge, that Palmer had told her he knew all about the Mount case, the star football, baseball and track athlete, was seized at his fraternity house and is being held incommunicado in jail. Palmer steadfastly denied the statement attributed to him and repeated his denials when confronted with Mrs. Bachman, formerly Miss Violet Lawson. Today an attorney for Palmer intends to institute habeas corpus action.

The other developments in the Mount case came while authorities were questioning Palmer. Abbott L. Fletcher, an attorney of Minneapolis, who came here to investigate the student's disappearance, announced that he had talked with two students who saw Mount alive after the class rush of September, 1921.

Small Stairway Crashes When Children, Parents Make Frantic Dash To Escape

Many Trampled To Death; Others Perish In Flames

CAMDEN, S. C., May 18.—(By the Associated Press)—Deaths in the Cleveland school house fire today stood at 73 with one person missing. The body of Donnie Henson, previously listed as missing, was identified, and that of Huey Henson, not previously reported among the dead, was found.

CAMDEN, S. C., May 18.—(By the Associated Press)—Tragedy, stalking in the wake of comedy, today had turned Kershaw county into a county of mourning.

As the aftermath of a commencement play of the Cleveland school, eight miles from here, more than seventy persons, including whole families, are dead and many are seriously injured.

As the play reached its climax, an oil lamp on the stage overturned and exploded. In an instant the stage was a mass of flames. Panic seized the audience of 300 parents, brothers, sisters and relatives of the graduating class, who were seated in the bleachers that had crowded the little auditorium.

There was a concerted rush for the single exit that led to a narrow wooden stairway. The weight of the mass was too much for the steps and they collapsed, leaving scores in a tangled mass, numbers being crushed to death.

In a breath, it seemed to persons who escaped, the entire building was wrapped in flames. And within an hour the building was no more than a heap of smoldering ashes, the funeral pyre of more than three and a half score of Kershaw county citizens.

Nearly every home in Kershaw county was affected by the disaster. Many Camden people had gone to witness the play and some of these are numbered among the victims. Five injured are in the hospital here, but all are too badly hurt to talk about the disaster.

The Cleveland school is located in the center of a fertile section, but sparsely populated.

The road leading to the scene is little more than a one-way path along the edge of a plowed field. This morning, hundreds of automobiles and trucks were going to and fro marking the route to the scene where the tragedy occurred.

In the panic which followed the explosion, little effort apparently was made to fight the flames which quickly communicated to the dry timbers of the little forty-foot frame school building. Mothers with children in their arms were trampled under foot. Young and old fought alike for exit.

When the stairway collapsed, many were impaled on the jagged timbers, and others were pinned down by the weight of bodies above them. Those who had made their way out of the building turned at once to aid the victims, but they found little opportunity to do so, the only exit, except windows, being cut off.

Seeing the hopelessness of their position a number of persons jumped from the windows, suffering broken bones and other injuries. Several mothers threw their children into eager hands below.

Forty children, sixteen men and fifteen women, including a negro nurse, were burned to death and two young white men are missing and in some cases because all members of families lost their lives, bodies remain unclaimed.

Funeral services for the victims will be held at 6:00 o'clock this evening near the ashes of the building where they met their death. Present plans contemplate the burial of all at the same time.

There was little mention of an inquest. Coroner G. L. Dixon is among those listed as dead, and no one has been designated to act in his place.

Although the fire and panic occurred soon after 9:00 o'clock last night, news of the disaster did not reach the outside world until many hours later. The entire available population busied itself in the work of rescue.

Eye witnesses said a number of the men lost their lives in efforts to save others. In some instances they won their way to safety, but in the effort to rescue women and children.

Identification of bodies was a difficult task and in numerous cases only by bits of clothing could identity be made.

More than half of the business houses of Camden displayed crepe on their doors today and houses all over the county were in mourning. As indications how the lives of entire families were snuffed out, the death list showed ten of the name of Dixon, eight of McLeod, eight of Davis, five of Hendrix and many other similar groupings.

Rescue workers today had accounted for all persons known to have been in the small wooden building except the two missing men. They expressed the opinion that the death list would not exceed 73, although a number of these who escaped were seriously hurt. The list of injured has not been compiled.

The exact cause of the fire, according to the majority opinion, was the falling of a swinging lamp above the stage. Oil from the broken bowl spread over the floor and quickly ignited the flimsy draperies being used for scenery of the play, "Stoney Brook." Uncontrollable panic seized the audience immediately.

Red Cross headquarters at Columbia offered aid today, but was notified that no help was needed. Governor McLeod sent his secretary here as his personal representative.

Similar Tragedy In Cleveland, Ohio

CLEVELAND, S. C., May 18.—(By the United Press)—Circumstances which caused the heavy loss of life in the school fire at Cleveland, S. C., Thursday night were almost identical with those which led to the death of 176 children and two teachers in the famous Collinwood school fire here March 4, 1908. Residents who recall the vivid details of the Collinwood disaster today pointed out points of similarity. The victims were caught in a narrow stairway leading to the exit. A panic resulted in many children being crushed to death before flames reached their bodies.

Parents rushing back into the blaze, struggled in vain to rescue the children. Practically all the victims perished on the stairs.

Minor Holt Fined And Sent To Jail Following Accidents On Gallia Pike

A \$25 fine and a 30 day jail sentence was the penalty handed to Minor Holt by Squire George Morgan this morning when he pleaded guilty to driving an automobile while intoxicated, his arrest last evening following an accident on Gallia street, east of New Boston. Mrs. John "Bill" Davis, also arrested on the same charge, pleaded not guilty and was released on a \$100 bond. Officers claim that Evelyn Whitman was the other woman in the machine and it is probable that she may be brought into court in connection with the case. It was early last night that John Davis' sport roadster, driven by Holt and occupied by Holt, Mrs. Davis and another woman, glanced off two other machines and finally left the road and came to a stop in a pool of water on the south side of the pike some distance from the paved road. The machine was coming west and crossed to the opposite side of the road before plunging down the bank into the small pond. The machine first struck a Ford coupe driven by Louis Sartain of Selotville, a front wheel being torn off this machine. The roadster continued its zig-zag course and after glancing off another machine shot to the left side of the road, down the bank and into the water. The occupants were manacled and unable to leave the car without wading until New Boston police arrived and built a temporary "bridge" to the car from the bank. Deputy Sheriff Eliza Carter was soon on the scene and took Holt into custody. While Carter was busy collecting evidence the two women climbed into another car and left the scene. Mrs. Davis was located at her home Friday morning and ordered into court held at the sheriff's office by Squire Morgan. The car had to be taken from the pond by hook and tackle. The pond was formed when water filled up a big excavation made by workmen from a nearby brick plant. It is just east of the water works filtration plant.

West End May Get Rest Room

A comfort station and waiting room for the West End will be the important matter taken up at a called meeting of the West End Improvement Association to be held next Tuesday night at 7:30 o'clock in a room at 123 Market street. The West End is the terminus of several bus lines out of the city and a waiting station or comfort station is badly needed in that section according to business men of the Second and Market streets. Dr. Mytinger Files Suit For Divorce

The Chillicothe News Advertiser says: Suit for divorce was brought Thursday by Dr. George S. Mytinger vs. Rachel Keiser Mytinger. He asks to be divorced from his wife and that she be restored to her maiden name of Rachel Keiser. Grounds for the proceedings are gross neglect and willful absence. Garrett S. Claypool is attorney for the plaintiff.

Dr. and Mrs. Mytinger for several years were well known residents of Portsmouth. Dr. Mytinger, a year ago was at the point of death from typhus and hovered in the shadows for many days before he took a turn for the better.

The Finishing Touch

A pleasant addition to a broiled steak or chops, fried chicken or breaded veal, is a generous serving of potato chips. Only those whose quality is above reproach (Dorrell's Golden Crisp Potato Chips) should be served. Buy them at your grocer's.

Hit By Automobile; Suffers Broken Leg

The Irononian says: George C. Huger, of 1010 South Sixth street, well known jeweler, suffered a broken right leg about 6:30 o'clock last evening when he was struck by a machine driven by Frank Supphenson, on the corner of Fourth and Center streets. Mr. Huger, who was walking homeward was in the middle of the sidewalk when struck.

About Household Silver

By Chas. Zoellner & Co.

Every thrifty housewife prides herself on two things: her snowy linen and her shining silver. In olden times the family silver had a great deal to do with fixing the social status of a family—the richer and nobler your lineage the more costly and elaborate the "family plate." Probably it is a trace of this sentiment handed down from our forefathers that causes everyone to harbor a certain pride in his table silver.

A group of children were discussing a little playmate. "They are pretty swell," confided one lot, "they have their tea in a silver tea pot." Even children are impressed by such things.

Silverware is somewhat less ornate than that of a few years ago. The plain conventional designs are taking the place of the raised fruit patterns and intricate initials which no one could read if he tried.

Graduation gifts and wedding presents have been in silver since grandmother plighted her troth and the custom will probably always remain. Every human being is more or less of an idealist and it seems that a meal tastes better served on white linen adorned with pretty silver. And that is why silver is always a much appreciated gift.

A jeweler who is concerned in winning—and retaining the confidence of his "clientele" never will sell an inferior grade of silver and tell you it is first class. He will represent his wares just as they are and will price them according to their quality. Everyone is familiar with the names of certain high class grades of silverware, but there are new ones springing up, however, and some may be just as good as the familiarly known ones, and that is where the jeweler comes in. Any one can demand to see this or that name in small letters on the article he proposes to buy, but supposing he sees a wonderful pattern which he admires immensely but the name is unheard of—what can he do? If he feels he can rely on the judgment and truthfulness of his jeweler he is safe in choosing his favorite. Choose your jeweler with the same discrimination with which you select your banker, for his responsibility is almost as great.

Rain Won't Stop Picnic Of The H. W. Baker S. S. Class

Rain or shine, snow or sleet, ex-clone or summer zephyrs, the H. W. Baker Sunday School class of Ridge-wood Methodist church will enjoy a picnic Saturday afternoon. If the weather is at all favorable the class will spend the afternoon at the Roosevelt Game Preserve, enjoying baseball, horseshoe pitching, etc., and winding up with a fried chicken supper with all the "trimmings." Should foul weather prevail the class will assemble just the same, and the picnic will be held indoors. Every member of the class is invited whether he has received a special invitation or not. It is possible that some may have been overlooked, but Mr. Baker urges all members to come regardless of whether they have received a formal invitation.

FIRST BALLOON IS FOUND

Of the several gas balloons sent up by Anderson's Store to advertise their Anniversary Sale, each of which carried a coupon good for one dollar in cash, only one has so far been reported found. Mr. Albert Simon, who was playing over in the Secoto bottoms Thursday and just stopped at the end of a furrow when the bright balloon after its pilgrimage was gently laid at his feet by a kind gentle breeze and he was one dollar better off by merely nuzzling a string. The manna falling from the skies had nothing on Mr. Simon and his balloon, and we imagine he kept one eye to the skies the balance of the afternoon hoping more would come his way. At Anderson's it was reported that many more balloons with dollar coupons attached would be turned loose today.

22 APPLY FOR LICENSES

The Irononian says: Twenty-two applications for licenses to operate soft drink stands had been made to the city under the terms of the soft drink ordinance recently passed by the city council. The ordinance provides that places selling pop—ginger ale, coca cola or any other drinks of alcoholic content, must secure a license from the city to operate.

Before the licenses are issued, the chief of police is required to make

an investigation of the applicants' moral character and report to the Director of Service, who shall grant or withhold such licenses. In case the application is denied the applicant has the right of appeal to a board composed of the mayor, clerk of the water works and city solicitor.

Most of the applications so far received are from grocery store proprietors who sell such drinks as an adjunct to their regular business, although one or two pool rooms and restaurants are also included.

Pat Guthrie, the proprietor, by whose energies the plant was installed, secured great credit for bringing to Wellston an ice plant. The new owners are among the city's best young men who grow up with the town.

Ironon Wins
A slow drizzling rain did not stop the Ironon H. S. Tiger baseball nine from trouncing the Ashland Tomcats, on the local field by a score of 4 to 3 yesterday. The game was marked with brilliant plays on both sides. Belonging hurried for the local nine, while Maggard took the rubber for the visitors. Matt Cloran, playing second proved to be the real star of the contest, his fielding being up to the highest standard making several nice stops. A return game will be played at Ashland next week—Irononian.

St. Mary's Class Play, May 24-25

St. Mary's High School Class Play, "Golden Days" will be presented to the general public in the High School Auditorium on Thursday and Friday evenings, May 24 and 25.
"Golden Days" is a comedy-drama in four acts by Sidney Tuler and Marjorie Short. It is a play with all the charm of youth and romance. It enjoyed a run of sixteen weeks in Chicago with Patricia Collinge in the leading role. The play teaches an exceptionally beautiful moral and the cast is spared no effort to make this production worthy of the standard set by St. Mary's in former years.

Two Farm Deals Closed

Two farms near Powellsville have changed hands within the last few days.

Jacob Gleim has disposed of his 140 acre farm on Powellsville road two miles from Wheelersburg to Wesley Cottle of Virginia.

Gleim has purchased about 42 acres of the William Schneider farm about two miles this side of Powellsville. The Schneider farm is level and every acre is producing which makes it one

of the most valuable in that section. The deal for the Schneider farm involved about \$10,000. Mr. Gleim gets possession of the 42 acres and the ten room house on the farm September 1st.

Mr. Schneider retains 30 acres of his farm. He is undecided as to his future and may locate in the northern part of the state or build a home on the farm and remain a resident of Scioto county.

Veterans Recall High Spots In Three Wars; Plan For Memorial Day Services

Veterans of the Civil War, Spanish and World Wars met at the American Legion club rooms last night when the members of James Dickey Post, No. 23, American Legion, provided an entertainment. The meeting proved a successful reunion of veterans who joined in discussing plans for a general observance of Memorial Day.

The program was in charge of Chairman H. H. Eccles of the entertainment committee and opened with the singing of popular war time melodies. Commanded J. J. Davidson of Bailey Post, G. A. R. introduced Dr. P. J. Kline as the first speaker and representative of the G. A. R.

Dr. Kline, who is known as a real patriot, spoke for the thirteen Bailey Post members present.

Commander A. B. Foster represented Peerless Camp, Spanish War Veterans, and on being invited to deliver an address thanked the Legion for the invitation extended his organization. There were twenty-three members of Peerless Camp present. Commander Harold Clayton of James Dickey Post also made a short address.

J. Earl Chandler of the Sons of Veterans, who are in charge of plans for Memorial Day, outlined the preliminary plans decided upon by the committee in charge. The usual parade will be held in the morning followed by the decoration of graves of all departed soldiers laid to rest in Greenlawn.

Fitting services will be held in the afternoon at the First Christian church starting at 1:30 o'clock.

Three lively boxing bouts concluded last night's program. In the first mixup K. O. Clark and Battling Ballinger fought two rounds to a draw. The second bout was stopped in the second round when Young Prouk found Kid Lewis too much for him. Lewis had the better of the height and weight argument which proved too much for his opponent. The third bout was a boxing demonstration between Shifty Dando and his sparring partner Young Brooks. Refreshments were served and cigars passed around.

15,000 Attend Carnival

The Zeidman and Pollie Exposition Shows, handicapped by bad weather since coming here nearly two weeks ago, came into its own Thursday night when a crowd of more than 15,000 persons thronged the midway and the numerous attractions which includes 15 shows and 7 rides, all of which were liberally patronized.
The Trained Animal circus, Wild West show, and the Colored Minstrels all played to capacity business last night while the other attractions drew their share of the patronage and with fair weather the remainder of the week the big exposition promises to set a new attendance record for carnivals in this city tonight and Saturday, afternoon and night, a machine having been arranged for tomorrow afternoon. The shows are playing here under the auspices of the local Aerie of Eagles.
The big exposition comes to a close Saturday night and Sunday the shows and the 250 employees will be transported by a special train over the B. and O. to Clarksburg, W. Va., to fill an engagement next week. The 25 railroad cars and seven Pullmans required to move the exposition are all owned by the show management.

Kirbys Indicted In West

LOS ANGELES, May 18—Josiah Kirby, former president of the Cleveland Discount company, one of the foremost financial figures in the country became a prisoner today in the Los Angeles jail. He and his brother, Carroll Kirby, were indicted by the grand jury on charges of alleged irregularities in connection with the sale of securities of the Discount company in the state.
Bail was fixed in each case at \$5,000. Josiah Kirby was placed in the county jail in default of bail and a bench warrant was issued for his brother, who was understood to be attempting to secure bondsmen.

Two Kirbys Accused.
LOS ANGELES, CALIF., May 18—Josiah Kirby, former President of the Cleveland Discount Company of Cleveland, Ohio, and his brother, Carroll Kirby, said to be the company's Southern California representative were indicted by the Los Angeles grand jury on two counts charging violations of the California corporate securities act.
Earlier it had been announced that Kirby had been summoned as a witness before the grand jury in an investigation of the sale of about \$350,000 of securities by the company to Southern California investors.
A subpoena was served on Kirby as he was about to board a train for the east at Pasadena yesterday.

According to E. M. Daugherty, state corporation commissioner, the Cleveland Discount Company went into voluntary receivership this year after disposing of its securities in 37 states including California. Daugherty said that when sales were made here the cash was sent immediately to Cleveland without making deposits in California banks as required by the California law.
Josiah Kirby Prominent.
CLEVELAND, O., May 18—While Kirby is well known for his ability to promote large enterprises, the Cleveland Discount Company, which developed into one of the largest concerns in the world, dealing in realty bonds and mortgages in December 1918 and remained as its president until February 12, last.
The company went into the hands of receivers ten days after Kirby resigned.
The financial operations of the company covered many states with branch offices in scores of cities. Last year its business is said to have amounted to \$20,000,000. It is said 18,000 persons were stockholders.

How He Cured His Rupture

Old Sea Captain Cured His Own Rupture After Doctors Said "Operate or Die"

His Remedy and Book Sent Free
Captain Collings sailed the seas for many years; then he sustained a bad double rupture that soon forced him to not only remain ashore, but kept him bedridden for years. He tried doctor after doctor and trust after trust. No result! Finally, he was assured that he must either submit to a dangerous and abortive operation or die. He did neither! He cured himself instead.

Captain Collings made a study of himself, of his condition—and at last he was rewarded by the finding of the method that so quickly made him a well, strong, vigorous and happy man. Anyone can use the same method. It's simple, easy, safe and inexpensive. Every ruptured person in the world should have the Captain Collings book, telling all about how he cured himself and how anyone may follow the same treatment in their own home without any trouble. Thornton Is Acquitted

William Thornton, who was brought to trial at West Union on a charge of second degree murder for the killing of his nephew, Ned Thornton in April, 1922, was freed by a jury in Adams County Common Pleas court late Thursday night, after a verdict of acquittal coming after a deliberation by the jurors of nearly hours. In the first trial last August the jury disagreed. The jury panel which freed the accused was composed of two women and ten men and when they turned their verdict into court Judge Will P. Stephenson promptly dismissed the defendant.

Thornton was defended by Attorneys Blair and Blair, of this city, and Frank Shively, of West Union, and Prosecutor J. R. B. Kessler assisted by Attorney C. E. Hoebeck handled the case for the state.

SECRET OF HIS SUCCESS

One of the most noted, successful and richest men of this country in a recent article said, "Whatever I am and whatever success I have attained in this world I owe it all to my wife. From the day I first knew her she has been an inspiration and the greatest helpmate of my life." Health is the first essential of every woman who wants to be a successful wife and to hold the love and admiration of her husband. If a woman finds her energies flagging and dark circles appearing under her eyes, she has backache, headaches, nervousness and "the blues" she should take Lydia E. Pinkham's Vegetable Compound, the medicine which holds the record of helping 98 out of every 100 women who try it. There is nothing better.

Miss Dolly Wise

She is here to answer any and all questions concerning love, matrimony, troubles, woes, etiquette, etc. Inquiries should be addressed to Miss Dolly Wise, care The Daily Times, Portsmouth, Ohio.

Dear Dolly—I am a school girl. I am fourteen years old. I want to find out who the richest lady of the world is. How much she's got and where she lives.

There are two women in New York City worth a million dollars. I don't know whether there are any other women in the world worth more than that unless it be Mary Pickford or some other movie actress. The millionaire women are Mrs. Enrico Cucco and Miss Marguerite S. Hill.

Oitway, O. Miss Dolly Wise—Will you please tell me what will take mud stains out of a black silk messaline dress? I have tried gasoline but it did not remove the stain.

I should think that you could remove the stain by sponging with soap and water, wring the cloth out so as not to use any more water than possible.

Dear Dolly—I want to send an article to a paper in West Virginia to be printed and I would like to know if there are any special rules to follow in order to get it printed. The article will interest the people in the town where I want it printed, so I won't have any trouble getting it in the paper, but I would like to know if there is any special way to get it in shape for the printer. Any information on this subject will be greatly appreciated, not only by myself but also by your many readers.

Here are a few general rules or suggestions that might help you and

others who write for the press and if observed would be a great help to us. First, write with black or blue ink or a good soft lead pencil on white paper. (I receive some letters written on yellow paper sacks with a hard lead pencil.) Second, leave the second page of each sheet blank. In other words, write on one side of the paper only. Third, give to the written language a margin all around, and plenty of space between lines. Fourth, number the pages in the order of their succession. Fifth, write in a plain bold hand with less respect for beauty and dot your "i's" and cross your "t's". Sixth, use first name or initials, not "Miss So-and-So" or "Mr. So-and-So". Seventh, use no abbreviations that are not to appear in print. Eighth, punctuate the manuscript as it should be punctuated, and use capitals where needed. Ninth, never interline without a caret to show its place. Tenth, take special pains with every letter in proper names, and review every word to see that none is illegible. Eleventh, put directions on a separate sheet. Never write a private letter on the printer's copy. If you have a typewriter, so much the better.

Dear Dolly—I would like to know what time of the year is best to trim rose bushes. I have some that need pruning, but I'm afraid I'll kill them from blooming if I do it now.

Pruning rose bushes may be done any time after the beginning of March, according to the season. Cut out all wood over two years old and all weakly shoots. Weak growing kinds should be pruned hard—that is, down to three or four eyes; stronger

growing kind may be left longer. Cut to an eye that points outward, so as to keep the inside of the plant open. Teas and noisettes require less cutting back. The tops should be shortened and the weak shoots cut out, and they should not be pruned until May. Use a sharp knife or pruning shears. When coming into bloom, if the weather be dry give a good drenching twice or three times a week; continue after blooming to prevent mildew. Syringe daily for little green bugs that are apt to take possession of the stems. You should also guard against the rose slug which feeds upon the leaves just as the buds begin to develop. Their appearance is noted by the leaves appearing brown, as if scorched, or burned. It is said that an ounce of prevention is worth a pound of cure and if this is so, it would be economy to syringe the plants thoroughly with whale-oil soap suds before the insects appear. Commence this now. If they have been neglected until the slugs appear, dust in the morning while the dew is still on them with white hellebore.

Miss Wise—Kindly tell me something that will remove mildew from yellow linen without removing the color. Also tell me something that will remove ink stain. THANKS.

A weak solution of chloride of lime will remove mildew and can be applied to almost any fabric, but must be used with care especially on some colors. Salt and lemon juice is another remedy, and wetting the spot and rubbing on chalk and exposing to the air is also said to be a good remedy. Try turpentine or butter-milk on the ink spots.

SOCIAL NEWS

The announcement of the engagement of Miss Florence Nunemaker and Mr. Lynn Padan was an interesting event made known on Thursday afternoon at a beautifully arranged bridge party given at the home of the charming bride-to-be, when she entertained the members of the Hayes-Heart Club and a few friends. So important an incident has served to brighten the mid-week with congratulations and best wishes for the bride and groom-to-be, who are particularly well known throughout the city.

After the charming hostess had extended a cordial greeting to her guests, they took places at tables for bridge. The room was a bower of loveliness, with the beauty of fragrant carnations, dogwood blossoms from the woods, and ferns and palms. To each score was tied a pink carnation. The games progressed with much interest and Miss Dorothea Eck made high score, for which she received an attractive trophy. To the maker of the low score, Miss Kathleen Hicks, was bestowed the honor of "letting the cat out of the bag." She was given a huge bag and when opening it there stepped out a cat with a big blue bow around the neck, from which dangled a card of official appearance, which read:

"Whereas, Lynn, of the House of Padan, and Florence, of the House of Nunemaker, having reached the age of discretion and understanding, seek admission to the State of Matrimony, I, Dan Cupid, Governor of said State, hereby proclaim them candidates for such admission on the Thirtieth of June, Nineteen Hundred and Twenty-Three.

(Signed) Daniel Cupid.

The announcement created much interest among the bevy of guests who were served with a delectable appointed luncheon at the card tables. Those who were guests for the afternoon, included the members of the Hayes-Heart Club and friends: Mrs. Phillips Brooks, of Columbus; Mrs. Clyde Fitch, Mrs. Franklin Page, Mrs. Fred Klingman, Mrs. Harry Dressler, Mrs. Gilbert Mickelthwait, Mrs. Richard Tremper, Mrs. Roy Jewett, Mrs. Richard Kendall,

Mrs. Norman Megnigen, Mrs. Paul Harslin, Mrs. Paul Dupuy, Mrs. Anselm Skelton, Mrs. Harold Flood, Mrs. Charles Abrent, Misses Miriam Neudorfer, Dorothea Eck, Elizabeth Guler, Dolle Bean, Ella Bergman, Ellen Oursler, Edith Hudson, Grace Hughes, Gladys Hughes, Mildred Walker and Kathleen Hicks.

Miss Nunemaker is one of the charming young daughters of Dr. and Mrs. Tunis Nunemaker of Timonons Avenue, and her marriage to Mr. Padan will be an event of the morning of Wednesday the thirtieth of June, at eleven o'clock in the First Presbyterian Church, with the Rev. W. H. Gleiser officiating.

Mr. Padan is a son of Mrs. Elizabeth Padan of Odessa street, and his excellent personality and character make him well worthy of the bride of his choice. He is connected with the Peabody Paving Brick Company.

Harold Rhodes, representative of the Ransom and Randolph Dental Supply Company of Columbus, is spending a few days here in the interest of his firm, and while here is visiting with his parents, Mr. and Mrs. Ken Rhodes of Ninth Street.

Try These Simple Recipes:

Crushed Strawberry Jam
For this jam it is necessary that each berry be broken up. Therefore, crush about 2 quarts ripe berries in separate portions, so that each berry is mashed. This allows fruit to quickly absorb the sugar during the short boil. Measure 4 level cups (2 lbs.) crushed berries into large kettle, add 7 level cups (3 lbs.) sugar and mix well. Use hottest fire and stir constantly before and while boiling. Boil hard for one full minute, remove from fire and stir in 1/2 bottle (about 1/2 cup) CERTO. From time jam is taken off fire allow to stand not over 5 minutes, by the clock, before pouring. In the meantime skin and stir occasionally to cool slightly. Then pour quickly. If in open glasses paraffin at once. If in jars seal at once and invert for 10 minutes to sterilize the tops.

Use same recipe for Raspberry, Blackberry or Loganberry jam.

Pineapple and Strawberry Jam
Crush well about 1 qt. ripe berries. Put pineapple through food cutter, or chop very fine. Measure 2 level cups (1 lb.) of each into large kettle. Add 7 level cups (3 lbs.) sugar and mix well. Use hottest fire and stir constantly before and while boiling. Boil hard for 1 minute, remove from fire and stir in 1/2 bottle (about 1/2 cup) CERTO. Skin and pour quickly.

The W. W. G. of Kendall Avenue Baptist Church, will meet this evening at the home of Miss Lillian Bentley at Sciotoville. Preceding the meeting, the girls will enjoy a wicker roast. The meeting will be held later at the Curranite home, 1614 Gallia Street.

Mrs. Sarah Grady of Buchanan, Ohio, is the guest of her niece, Mrs. Walter Schultz of Ninth Street.

Mr. and Mrs. Harry Arthur of Court Street, have left for Springfield, Columbus and Indianapolis for a pleasure trip in their car.

Mrs. Pauline McKeown, well known retired school teacher who was injured when struck by an automobile on Gallia street a few days ago, is reported doing nicely and promises to have a speedy recovery although she will probably be confined to her bed for a few days longer. It was stated Friday. She resides with Mrs. Elizabeth Dawson, 1219 Third street.

"I'll bet that big goose wants to race with us," shouted Jack. "Well," replied Flighly, "we'll show him that our flying horse can travel much faster than he can." And with that the race started. Faster and faster went the goose, and faster and faster went the flying horse. (Continued.)

JACK DAW'S ADVENTURES — THE FLYING HORSE

Out into the open air went the flying horse, with Jack and Flighly laughing on as tight as they could. As soon as they were clear of the Cloud Palace Jack looked down and saw the old king homing along, from one cloud to another. Then his attention was attracted by a small black speck far away.

As the flying horse sped along this blackness came nearer and nearer until Jack discovered that it was a flock of geese, flying in a V shape. Flighly explained that that was the way geese always flew, with the leader of the flock at the head. Then the leader goose pulled away from the rest.

Removal Of Chief
Executive of City**

COLUMBUS, O., May 18.—Governor Donahey tonight, after a lengthy conference with Mayor William A. Grall of Lorain, announced that he had taken under advisement his decision on charges filed against the Mayor.

Grall is charged with laxity in enforcement of the prohibition laws. In the case of Mayor E. N. Fair of New Philadelphia, who was also on the carpet before the Governor today, the latter indicated that he had given the Mayor thirty days "to reorganize and clean up your safety and police departments." Fair faces a situation brought about by the filing of affidavits against certain New Philadelphia police officers by representatives of the state prohibition department.

"I shall hold you responsible for such action and unless it is accomplished within the period named it will not take me long to act under the provisions of sections 420 and 421-24 of the general code, relative to the removal of Mayors by the Governor of Ohio," the Governor advised Mayor Fair.

The Sunday School Lesson

ELIJAH, THE BRAVE REFORMER. 1 KINGS 18:30-39
REV. GERALD CULBERSON

When a Prophet is brought on the scene in Scripture we generally hear something of his ancestry. Not so with Elijah. He stands before us without a word of preface, like Melchisedec, he is without father, without mother—Heb. 7:3. And in this respect too that he had no predecessor, he typifies the world's one great Reformer, Christ Jesus.

So unusual this sudden introduction, that some of the Jews fancied he was an angel, and James may have been thinking of that when he wrote, "Elijah was a man of like passions with us"—Jas. 5:17. The name, Elijah, means "Jehovah is my God," and it rings true to his mission and character, for his life was one long struggle against idolatry. While idolatry in one form or another is ever the bane of all days, Moses' day, Paul's day, and our day, the form of it in Elijah's day was extreme. We know the fascination of Baal worship was in sex. "Originating in the praise of Spring and fertility, it quickly degenerated into unspeakable who rites." Surely its form could survive today only in the lowest dives, and chronic perversities; yet its menace threatens in red lights, dance halls, and low theatres. The fight of idolatry is less in its actual forms, than in its commercialized prizes. It is this more devilish phase of it that gets Ahab's and Jezebel's, statesmen, captains of industry, even priests and preachers in its coils! The Baal-god pleasure bids for feasts in whimsical appetites, questionable amusements, vicious indulgences; and ah! these become conventionalized, legalized, subsidized; and who is able to unroot them?

An Elijah? Yes, but through what vicissitudes, by what hair-breadth margin of his life itself? Brave as he was, he must be. Willing to give his life, and what is dearer yet, honor! Many a brave lion-heart has flamed forth against entrenched evil, has burned because men were being defiled, has been at death grip with the State and Society, to be—not killed—what is worse—tattooed, disgraced, an outcast forever!

To be a reformer is questionably life's greatest hazard, as Jesus showed, if you would go to the roots of wrong. Extermination is a deadly process always to somebody. "Pushing" soft toleration is sure, but not remedial. Did you ever take the Rock Reform Route? If you did, you know what a difficult, dangerous and ticklish road it is. You couldn't understand how so many signals could be set, how so many switches

thrown. The Temperance Elijahs started with a through ticket a great while ago. The union depot, the 18th Amendment, has been slighted, but the crashing and shuddering of crowd won't somehow let us arrive! But, by the boldness of Elijah, all true reform must eventually arrive. The Holy Spirit goes marching on. Men fight against it. They want to worship the Baal-god of "personal liberty." "Invade the domain where a man lives, thwart his desires, cross his appetites, touch his pocketbook and see his gorilla teeth gleam and his hairy arms get into action!" The lesson should give us a new

appreciation of the term, "reformer." These times condemn the term; the sneering cynic and shallow space-writer hold it up to scorn. He is an impertinence, is the "reformer," and the "uplifter" a nuisance. But the world will scarcely be able to discharge its debt to its genuine reformers, those who in the fear of God made mighty protest against evil and injustice, who Elijah-like have called the people to a drawn issue, who hung every thing upon the "Power that makes for righteousness," and forced with a merciless justice, the white-livered, the fawning, the time-servers to surrender their right to longer pollute God's fair world.

Discusses Typhoid Prevention

By E. W. DeCraw, M. D., Health Commissioner (for Scioto County)

In connection with the present campaign for better health, now being observed throughout Scioto County this week, it is particularly important to emphasize the fact that the typhoid fever season is now upon us. Hundreds of Ohio people will contract this unnecessary and preventable disease during the summer and fall months, and scores will die as a result of it.

Among those who recover, the death rate will be twice as great as the normal during the two years following recovery. In other words, those who recover will be left in such a condition as will be more susceptible to other diseases and, having contracted the disease, will be more likely to die from its effects.

Those who contract the disease will be mainly young adults, the class which contributes most to the wealth of the nation. Young mothers will leave their children to be cared for by strangers, young fathers, the chief supports of families will leave them to economic dependence. Young girls and young men will sicken and die at the moment when the state has invested most heavily in their education and training, and before they have been able to pay any dividends on the investment.

The lesson of typhoid prevention is so clear that he who runs may read. The time may come when individuals who contract the disease will be healed before the court of public opinion and severely censured for their carelessness. Employers who provide polluted water supplies for their employees have already been assessed damages for typhoid deaths resulting therefrom.

Every case of typhoid fever is the source of other cases. Every patient is a link in the chain. Every epidemic begins with one case, and every case is the beginning of a possible epidemic. The disease is spread by germs given off in the discharges of typhoid fever patients. The germs must be swallowed to set up the disease. They are transferred from patients to susceptible persons by fingers, food, flies, milk and water. When one case occurs in a family other persons are apt to contract the disease, just as in a small group, but in a smaller percentage.

Care should be exercised in the selection of milk, water and food. Contact with the disease should be avoided.

Typhoid fever costs the state of Ohio at least \$5,000,000 every year in depreciation and loss of vital capital and interruption of wealth-producing labor. The individual also suffers because of doctor bills, hospital expenses and other outlays incident to illness. If a small fraction of this sum were expended in prevention and preventive work, typhoid fever would become as rare as plague in Ohio.

Seven Graduates At Otway

Seven young people, three boys and four girls, received their high school diplomas at the annual commencement exercises held at Otway, Thursday night, when Prof. J. H. Finney of this city delivered the class address. He substituted for Prof. C. H. Freeman of Ohio Northern University, Ada, who found it impossible to get here yesterday for the graduation. "Life and Its Value" and in his remarks urged the students who had now finished their grade and high school courses of study to continue in their studies as long as possible, declaring that the more education received the better fitted they would be to climb to the higher successes of life.

County School Superintendent E. O. McCowen also made a short talk and during the course of his address presented the Board of Education with a state aid check for \$21,539.21 and a charter for a first grade high school. The program for the commencement was as follows:

Music—Otway High School orchestra.

Invocation—Rev. C. T. Grant.

Music—Orchestra.

Supt. McCowen in his address presented the Board of Education with a state aid check in the sum of \$21,539.21 and a first grade high school charter.

The exercises last night brought the semesters' school activities to a close.

The class play "Mother O'Mine" was presented May 3 and 4; the baccalaureate sermon was delivered last Sunday by Rev. Grant, and the class day exercises were held Wednesday evening. A manual training and home economics exhibit was held and proved most successful.

Clothing Workers Ratify Agreement

CINCINNATI, O., May 18.—Approximately four hundred clothing workers in Cincinnati, members of the Amalgamated Clothing Workers of America, today ratified a working agreement entered into by their representatives, who recently met with employers.

The confirmed agreement calls for a \$4 a week increase in salaries of cutters, trimmers, tailors and examiners, a three-tenths per cent increase for those making more than \$30 a week, a similar increase for off pressers and a \$3 a week increase for other crafts not mentioned.

The agreement is retroactive to the first week in May and is effective until that time next year.

Demands Of Building Trades Council Refused By Employers

NEW YORK, May 18—Demands of the Building Trades Council, which claimed thirty thousand members, for a blanket pay increase of \$1 a day and a collective agreement for a year were refused at a conference today by the executive committee of the Building Trades Employers Association.

The refusal will result in a general strike effective June 1, Thomas D. Clarke, President of the council declared.

Clarke asserted that sixty two out of the 77 union locals affiliated with the council had previously voted to strike on June 1 if their demands for the wage increase were refused.

Employers, in refusing the demands insisted a general strike was not likely and asserted that their offer of a bonus system would be acceptable to the majority of the locals connected with the council.

Stoppage of the building construction as recommended at a general conference of heads of various phases of the building industry, was condemned as a menace to the nation's prosperity by Noel Sargent, manager of the open shop department of the national association of manufacturers.

The move, he said, would cause a depressing effect among manufacturing industries engaged in furnishing supplies for construction.

Doctor's Recent Discovery Also Heals Boils, Carbuncles, Abscesses and Open Sores in a Few Days.

Physicians are prescribing and hospitals using a new and harmless yet very powerful germicide that not only cures enlarged or varicose veins and lumps to become normal, but also reduces goitre, enlarged glands and wens.

Ask any first class druggist for an original two-ounce bottle of Moore's Emerald Oil (full strength) and refuse to accept anything in its place. It is such a highly concentrated preparation that two ounces lasts a long time and furthermore if this wonderful discovery does not produce the results anticipated you can have the price refunded.

It is not wise for anyone to allow swollen veins to keep on enlarging. Often they burst and cause weeks of pain, suffering and loss of employment. Start the Emerald Oil treatment as directions advise and improvement will begin at once. Your druggist can supply you.—Advertisement.

Teacher Is Kidnapped And Beaten Because Of Letters, He Says

NEW YORK, May 18—William Louiser Werner, an English teacher of Pennsylvania State College who is studying at Columbia University said tonight that he had been kidnapped early today by four masked men, spirited into the country in an automobile, blind folded and beaten with sticks because of two letters he wrote to The Spectator, a university publication.

Recently, Major William C. Foote, commandant of the Columbia University reserve officers' training camp wrote a letter to The Spectator charging that a group of students had displayed "disrespect" and "disloyalty" by jeering a review of cadets on the campus.

Werner replied with two letters to "The Spectator" neither of which was printed. He upheld the right of free speech, free press and free assembly and criticized Major Foote's letter.

He asserted he planned no retaliation if his abductors "apologize like men" adding that they were "decidedly decent considering the system they resorted to."

Werner served overseas in the 316th Infantry.

Jailed For Contempt

NEW YORK, May 18—Edward M. Fuller and Wm. F. McGee, partners in the bankrupt brokerage firm of E. M. Muller, were sent to jail for contempt of court by federal Judge Goddard this afternoon because of their failure to give up records of their business which the United States supreme court recently held they had no right to conceal from authorities conducting criminal proceedings against the firm's members.

Judge Goddard directed U. S. Marshal Hoch to keep the pair in confinement until they complied with an order directing them to turn over to trustee in bankruptcy Sprague a number of papers which Mr. Sprague proposed to use in the prosecution of Fuller and McGee action of bucketing orders.

Fuller and McGee claim that the records have mysteriously disappeared.

How to throw off that tired, listless feeling

GENERATION ago, our forefathers made a "tea" every Spring from certain herbs and barks to purify the blood. Likewise, since 1832, such herbs and barks have been carefully selected, proportioned scientifically and prepared for that great blood purifier—S. S. S. To serve beneficially from one generation to another successfully is a guarantee of its effectiveness. The way we live and eat, we can't sleep from Winter into Spring without purifying the blood, unless we choose to suffer depression, feel tired out, and have pimples and boils. It is so easy to give nature a little help, and the best sure way is to start with S. S. S. Stronger and more useful nerves depend on blood-power. S. S. S. will improve your appetite and give you greater endurance, energy, strength, and a more youthful appearance.

Mr. J. M. Mar, Los Angeles, Calif., writes: "Overwork occasioned a complaint which consisted of a tired feeling and pains in the back, that finally exhausted all my strength. A friend advised me to take S. S. S. and after taking only several bottles I was entirely relieved."

Try it yourself. S. S. S. is sold at all good drug stores. The large size is more economical. Get a bottle today!

Bottom Land Submerged; Much Replanting Necessary

Surmerging of the lowlands by the recent rise of the Ohio and Scioto rivers may necessitate the re-planting and replanting of several hundred acres of farm lands along these streams in this vicinity, which have been under water for the past three or four days, according to farmers in the flooded area. The rise reached its crest in the Portsmouth district Wednesday night and as the Ohio is running out fast the water is rapidly leaving the lowlands and from all indications the stream will be back within its own banks by Saturday.

There is some diversity of opinion among the land owners as to whether or not any great amount of the flooded territory will have to be re-plowed and re-planted, some giving the opinion that little if any of the area will be affected while others voice the opinion that the soil has been so merged for such length of time as to cause it to "take" in which event the work must be done over.

Most of the owners in the affected zone, covering about 2000 acres, extending from the N. & W. bridge south and west along the Ohio as far as the Tiffin road, planted corn two weeks earlier than usual this year.

Among the owners of land in the area covered by water are Leo Sommer, Frank Seymour, John Dico, Alan Jordan, Charles Wertz, G. B. Heinisch, Carey Haze, Robert Richardson, Fred Malone, Thomas Buck and John Stockham.

GAS IN THE STOMACH IS DANGEROUS

Recommends Daily Use of Magnesia To Overcome Trouble Caused by Fermenting Food and Acid Indigestion.

Gas and wind in the stomach accompanied by that full, bloated feeling after eating are almost certain evidence of the presence of excessive hydrochloric acid in the stomach, creating so-called "acid indigestion." Gas and wind in the stomach are dangerous because too much acid irritates the delicate lining of the stomach, often leading to a quiet, chronic inflammation of the stomach, creating the distressing gas pains, flatulence, and other symptoms of the stomach, often affecting the heart.

It is the worst of folly to neglect such a serious condition or to treat with ordinary digestive aids, which have no neutralizing effect on the stomach acids. Instead get from any druggist a few ounces of Epsom's Magnesia and take a teaspoonful in a glass of water, right after eating. This will drive the gas, wind and blood right out of the body, soothe the stomach, neutralize the excess acid and prevent its formation and there is no source or pain. Epsom's Magnesia is the powder of "Epsom salts" bound in milk. It is harmless to the stomach, inexpensive to take and the best form of magnesia for stomach purposes. It is used by thousands of people who enjoy their meals with no more fear of indigestion. Advertisement.

Sues Slayer Of Husband

CINCINNATI, O., May 18.—While police were continuing their search of John L. Whitfield, alleged kidnapper and slayer of Pittsburgh Daily Post Editor, \$300,000 was filed against the fugitive today by Mrs. Elizabeth A. Griffin, widow of the dead officer whose body was found Monday in a shallow grave near here.

The petition asks that the court attach an automobile owned by Whitfield which is held by the police, whatever funds he may have in a local bank and any other property he may own.

An offer of the Cuyahoga county council of the American Legion to join in the search was accepted by Chief of Police Jacob Graul. Work of sending circulars containing descriptions of Whitfield and Murrie Price, his companion, and the automobile in which they were last seen here, to posts in Ohio started today.

The work of circularizing the rest of the country probably will start tomorrow. Every farm house in Cuyahoga and Summit counties was visited by searchers today to run down numerous tips received here the past several days. No one could be found who saw anyone answering Whitfield's description or that of his blue roadster with red wheels.

Two special investigators have been assigned by County Prosecutor Edward C. Stanton to track Whitfield's flight. A special appropriation of \$5,000 to carry on the search was granted by the common pleas judges yesterday.

Gray nodded and smiled queerly as he thanked the nester, then from his pockets he took out several crumpled wads of currency and a handful of silver. These he counted before saying: "What capital I have is entirely liquid—it's all in cash. There is eighty-seven dollars and forty-three cents. It is every dollar in the world that I possess."

"Huh?" Gus Briskow's bright eyes scratched the smiling countenance before him. "You're—jokin'." I thought you said you was rich."

Briskow looked up at the top of this inquiry. "One of the fellers from Wichita Falls. I s'pose he knowed the option was about to run out; anyhow, he's been holdin' me off from day to day till it's too late now for me to—"

"What his name?" Gray broke in, sharply.

"Name's Nelson, Betj Nelson's son. Bell's hard-bodid, but—"

"Henry Nelson?"

"That's him."

Gray rose from his chair and strode swiftly to the window. He stood there staring down into the street for a moment before saying curtly, "Go on."

NOW STRONG AND WELL

AFTER LONG ILLNESS

MRS. ORA YAUDAS, HUNTINGTON, W. VA.

Kadiok Brought Relief to
Huntington Woman After
Long Suffering From
Stomach Trouble

Mrs. Ora Yaudas, who lives at 230 Third Avenue, Huntington, W. Va., is another grateful user of Kadiok. In a recent conversation with the Kadiok man, she said: "I was subject to stomach trouble for several years and have suffered a great deal with it. Although I doctored myself continually I seemed to get worse, rather than better. I was in a very nervous condition, my appetite was very poor, and I was weak and debilitated. During the few weeks I have been taking Kadiok my condition has improved wonder-

fully. I eat well and sleep well, which I did not do before. I am rapidly getting stronger and feel brighter and more like my natural self. I cheerfully recommended Kadiok to stomach sufferers and to anyone in a weak and nervous condition."

Kadiok, the new herbal remedy banishes constipation because it is mildly laxative and removes the cause—stomach trouble. It ends pains in the stomach, and gas belching, because it drives away the catarrhal inflammation, which has caused all the trouble. It stops headaches, dizziness, improves digestion and makes away with kidney and liver trouble because it puts the body in a healthy condition, and there is no longer any cause for any disease.

Sunday evening at the 8 o'clock services at the barracks Sam Wise will talk about his recent trip to the Holy Land.

Wiley Dunham, Former Baseball Pitcher
Visiting in Columbus; Meets Ben Dunham

Wiley Dunham!

Yes, you baseball sports, the same old Wiley who used to "burn 'em up" back in the old days. He is still alive, looks scarcely a day older than he did when he was here last, twenty years ago, according to Ben Dunham, who saw him Wednesday at Columbus.

"Wiley" was one of the top notch pitchers of his time, not only in this section, but in the big leagues. He is remembered here as the "Piketon Phenom," who made them all sit up and take notice when he was on the mound for the old "Poles," who staged their games down on the "Portons," and who later became the "Navies," and played at the athletic grounds in the East End.

His reputation soon spread abroad and he went from the Navies to the Columbus team and from there to St. Louis. Later he was an umpire.

From the "Big Show" Wiley went to El Paso, where he played until 1909 and then with the team as manager until 1915 when he became engaged in the cattle business and has since prospered in a financial way.

Wiley and his wife, and their only child, three years of age, dropped in unexpectedly on relatives in Columbus this week, and when Ben Dunham of this city went to Columbus to attend the funeral of his father-in-law, J. W. Franklin, he was informed Wiley was in the city and wanted to see him. They enjoyed an afternoon recalling old times in Portsmouth.

Wiley asked to be remembered to all his old-time friends, and said he planned to come to Piketon about Decoration Day to visit the graves of his parents, and if possible, was coming on to Portsmouth for a brief visit.

DAVIS FACES ASSAULT CHARGE

Crosser said he drove the automobile in the holdup, but denied he knew who fired the shot that killed Edward McClain, Black Rock, Ark., one of the bandits. McClain was slain accidentally by one of his pals during the holdup. Another man arrested with Crosser was released by the Cincinnati officers.

The parade will form promptly at 3:00, on Waller street, outside the High School and the line of March as outlined by Mrs. Miller is as follows: Formation of parade at 3:00 on Waller street outside the High School, designations and places in lines to be made by the marshal in charge of the parade. After the parade is formed they will march slowly down Gallia to Chillicothe, down Chillicothe to Third, where the parade will disband. It is expected that at least one band will accompany the marchers.

Any one is free to participate, whether or not they have their baby in the Baby Show. Children may be dressed in any sort of costume or in every day clothes. Baby carriages may be decorated, and if a family wishes to enter one or more children they might march in automobiles, providing that the machine is suitably decorated and that the driver remains in low gear during the line of march.

The Wesleys Make Big Hit in Fostoria

The following article taken from a recent issue of the Fostoria (Ohio) Times will be read with interest by Portsmouth people:

The vaudeville at the Colonial last evening was of more than usual interest to Charles Pfau, who discovered in one of the numbers, two of the childhood playmates, Mr. and Mrs. Wesley Stenshorn, appearing as "Lynn and Una Wesley" in a comedy sketch, were partners of Mr. Pfau in many escapades and childish pranks when they were all "kids" together at Portsmouth, Ohio.

When the "cake walk" was all the rage, Messrs. Pfau and Stenshorn won many contests and several times

took the honors from professional dancers. On all of these occasions Mr. Stenshorn masqueraded as a woman and, according to Mr. Pfau, he was some "peach." Mrs. Stenshorn was formerly Miss Una Lynn. As Lynn and Una Wesley they are rapidly climbing toward the top in vaudeville circles as entertainers of high class. They made a big hit here and after playing in Fremont are booked for a long engagement at Chicago.

Mr. Pfau entertained Mr. and Mrs. Stenshorn at his home here last night.

SOCIETY

Mr. and Mrs. Alva House have returned to their home at Strickland, Ky. after a visit with local relatives.

Walter Higgs of Jackson Avenue, spent Wednesday at Firebrick, Ky. on business.

Mrs. C. B. Dunn of Ninth Street, will go to Chillicothe Sunday to join her husband, who has gone there to locate.

Mrs. John McLaughlin and daughter, Mrs. Frank Kullcher of Columbus are guests of Mr. and Mrs. Harry W. Miller of Fifth Street.

Mrs. Annie O. Lane of Eighth St., has returned from Chillicothe, where she visited for four weeks with her son, Daniel Lane.

"Tiz" Gladdens Sore, Tired Feet

"TIZ" makes sore, burning, tired feet fairly dance with delight. Away goes the aches and pains, the corns, callouses, blisters and bunions.

"TIZ" draws out the acids and poisons that puff up your feet. No matter how hard you work, how long you dance, how far you walk, or how long you remain on your feet, "TIZ" brings restful foot comfort. "TIZ" is wonderful for tired, aching, swollen, snoring feet. Your feet just tingle for joy; shoes never hurt or seem tight.

Get a box of "TIZ" now from any drugstore or department store. Bod foot torture forever—wear smaller shoes, keep your feet fresh, sweet and happy.—Advertisement.

The annual Junior-Senior banquet of Holy Redeemer School will be held on Tuesday evening, May 29th, at the Mary Louise Tea Room on Galbraith street.

Mr. and Mrs. J. L. Farrell of Huntington will come here to spend the week end with Mrs. Farrell's sister, Mrs. Fred Howard of Ninth Street. They will be accompanied home by Mrs. Farrell's mother, Mrs. J. C. McNamara and son Joseph of the West Side, who will make them a visit.

Thursday afternoon found the interest of the social world centered to the large and beautiful tea given at the hospitable home of Miss Margaret M. Miller, 701 Sixth street, when she and her sister-in-law, Mrs. Harry W. Miller, received about one hundred and fifty of their friends between the hours of three and five o'clock.

The lower floor of the spacious home was enhanced in beauty by the lavish use of bright-colored flowers from garden and woods making a lovely background for the attractive spring costumes of the matrons and maids assembled. Receiving with the two hostesses were Mrs. Miller's sister and niece, Mrs. John McLaughlin and Mrs. Frank Kullcher of Columbus, and Mrs. William H. Gleiser of this city. They were all most gracious and pleasant in their manner and left nothing undone for the pleasure of their company.

For the first hour, the guests were invited to the dining room by Mrs. Maurice A. Coe and Miss Grace Wilhelm. Mrs. L. M. Ricker presided at the coffee urn and was assisted with the serving of a dainty ice course, coupled with delicious cakes and other confections by a coterie of attractive young ladies, including: Misses Joan Purcell, Dorothy Manning, Veris Bannan, Helen Hopkins and Mary Elizabeth Schwartz, who rendered their service in a charming manner, all during the afternoon. For the second hour Mrs. John Kelly and Miss Ruth Thompson ushered the guests to the dining room, which was presided over by Mrs. William B. Altman, who poured the coffee.

Mrs. Miller and Miss Miller are entertaining with a bridge party this afternoon in Miss Miller's home.

Miss Frances Dill, student nurse at Schirman Hospital, underwent an operation for appendicitis on Tuesday and is improving nicely.

At the closing session yesterday of the District Convention of the Ohio District of the Woman's Home Missionary Society, of the Central German Methodist Episcopal conference held at Marion, Ohio this week Miss Rue Kirk, parish worker for the Franklin M. E. Church, of this city, was elected Vice President of the organization. Other delegates from Franklin Church include: Mrs. Amelia Baggett and Miss Rose Wendelken.

The officers elected were: President: Miss Rue Kirk, Portsmouth, Vice President: Mrs. Carl Albrecht, Columbus, Secretary, and Mrs. Clifford Fishbach, Dayton, Treasurer.

The next meeting will be held at Portsmouth.

Mr. and Mrs. C. Babcock who have been the guests of their son and daughter in law, Mr. and Mrs. Joseph Babcock of Fourth Street, enroute from Florida, where they spent the winter, will leave Sunday morning for their home at South Dayton, N. Y. Mr. and Mrs. Joseph Babcock and Mrs. Babcock's brother, Edward Gibbs, of Glover Street, will accompany them home, making the trip in their car.

The grade pupils of St. Mary's School will be presented in a musical this evening at eight o'clock promptly at the High School Auditorium.

The following item taken from the Fostoria, Ohio, Review, will interest local relatives and friends of Mr. and Mrs. Wesley Stenshorn, who are Portsmouth residents.

"In the Wesleys, who made such a hit at the Colonial last night, Charles Pfau found friends of his childhood days in Portsmouth. When the cake walk was one of the amusement features of the country Pfau and Wesley, the latter taking the part of the woman, entered many competitions and cleaned up on many professional. The name of the man is Wesley Stenshorn and his wife is Miss Una Lynn. Both are members of prominent Portsmouth families, but the man especially, was a showman from early childhood. Mrs. Stenshorn, according to Mr. Pfau, has a wonderful voice but her act does not show it to good advantage as she uses it for burlesque rather than to show her musical ability."

Mrs. A. P. Miller, of near Wakefield received at her home Wednesday the members of the Wednesday Afternoon Club. Those present were Mesdames: Arthur Moulton, Earl Moulton, D. C. Coleman, J. R. Hilling, Karl Appel, Clyde Braut, Claude, Miss Mabel Moulton and the hostess. Dainty refreshments of ice cream and strawberries supplemented a very pleasant and social afternoon.

Joint-Ease

Says Druggist

"Joint-Ease is selling like hot cakes in my store because it is a wonderful and speedy remedy for all joint troubles."

"But why not impress on tens of thousands of suffering people some of the things that dozens of my customers tell me almost daily."

"Some say that it knocks out lumbago over night—Others assert that for chest colds and sore throat it has no equal, while many insist that there is nothing they ever tried that is so efficient for neuralgia, neuritis and even head colds and nasal catarrh."

Answering the above letter, we, the makers of Joint-Ease, know that what this thriving New Jersey druggist says is true but we still maintain that Joint-Ease is prepared for stiff, inflamed, painful, swollen joints, whether in ankle, knee, hip, elbow, shoulder, fingers or spine. You'll like to use stainless Joint-Ease, for with just one minute's rubbing it soaks in through the flesh direct to the ailing bones and ligaments—that's why it succeeds—for when Joint-Ease gets in joint agony gets out—And without any waste of time all swelling and congestion disappears. Market News

New York Stocks

NEW YORK, May 18—American Locomotive and American Brake Shoe and Foundry advanced 1 point and Baldwin 3/4. Underwood Typewriter jumped five points to 160, a new top. Brooklyn Edison climbed 2 1/2 points. General Cigar 2. May Department Stores 1 1/2 and Stewart-Warner 1. Matheson Alkali dropped a point. Dupont 1 1/2 and American Cotton Oil slipped off fractionally to a new low. The traditional "selling on the good news" followed the announcement of two extra dividends of fifty cents each on Fleischmann Yeast, which dropped a point. Foreign exchanges opened easier. Demand sterling was unchanged at 4.64 1/2.

Inductive price movements characterized today's opening dealings on the stock exchange. Heaviness was again apparent in the copper and chemical shares but the initial losses were limited to fractions. Good buying again was noted in People's Gas which added nearly a point to its previous four point gain this week.

Trading was unusually quiet during the morning and new buying was largely restricted to the customary leaders. A better inquiry prevailed for various public utilities and tobacco stocks. Operations on the long side were restrained somewhat by further liquidation of many low priced shares especially the farm implement, fertilizer and chemical issues, many of which established new

low figures for the year. Among those recording minimum prices were International Harvester, American Cotton Oil common and preferred, American Agricultural Chemical common and preferred, Virginia-Carolina Chemical common and preferred, Davison Chemical, International Agriculture preferred and Allied Chemical, the net losses ranging from 1 1/2 to 5 points. Dupont was weak, losing 3 1/2 points. Call money opened at 4 1/2 per cent.

Pressure against secondary specialties, many of which established new low prices for the year, weighed the entire list down in today's stock market. Buyers hesitated to enter the market in the face of the whole-sale liquidation and the uncertainty surrounding the business outlook. Trading was on an exceedingly small scale, sales approximating 450,000 shares.

The closing was heavy.

Court House

Pontralle Seeks Divorce

James Pontralle, 226 Jefferson street, railroad brakeman, charges neglect and infidelity in his suit for divorce from Bessie Pontralle, instituted Friday in Common Pleas court.

In his petition filed through attorney B. F. Kimble, the plaintiff avers they were married in June 1920, and then complains that the wife in disregard of her marital duties has spent much of her time in associating with other men and for immoral purposes, declaring that she finally deserted him and went to Columbus where she lived under immoral conditions with one Preston T. Leichter, he claims. Thereafter, Pontralle says he forgave her under promise to live right and lived with her for a short time when, he asserts, she again left in January last, in company with Leichter and has since failed to return. The last known address of the defendant was Palace Hotel, Cincinnati.

Mrs. McCann Seeks Divorce

Alleging cruelty and declaring that there is a separation by reason of conduct and neglect, Mary McCann, now living with her parents in this city, is seeking divorce and custody of their minor daughter, now 12 years old, in a suit filed in Common Pleas court Friday, against Horace McCann, 4236 Maple Street, New Boston, whom she married about fifteen years ago.

The wife through Attorney A. R. Campbell claims that by reason of the defendant's abuse she and their daughter have been rendered miserable and unhappy and declares that because of McCann's intemperance and wasteful habits she has been compelled to support herself and family, besides, she says, he curses, abuses and threatens her. McCann is a cripple having lost the use of one arm.

Line Fence Dispute Suit

An action to settle a dispute over a line fence between their premises in Scherer Hollow was brought in Common Pleas court Friday by Martha and Katharina Scherer against John Platt.

Through Attorneys Blair and Blair the plaintiffs claim that the defendant removed and destroyed a part of the fence in question which prevents them from pasturing cattle on their real estate, besides, they complain that the defendant has prevented them from repelling the fence by threatening to shoot them. Because of the acts of the defendant they claim to have been damaged in the sum of \$500, and they secured a temporary injunction restraining further interference on the part of Platt and on final hearing ask that the title be forever quieted.

To Administer Estate

John Yeagle, New Boston, has been appointed by the Probate court to administer the estate of his late father, Phillip Yeagle, farmer, who died November 5, 1921, at his home in Harrison township, leaving property, consisting entirely of realty, with an estimated value of \$1,000.

Suit Dismissed

An entry dismissing the suit of C. W. Cooper against Lydia Grege and others was filed in the office of the clerk of courts Friday. The case was dismissed by agreement of the parties involved after they had effected an amicable settlement.

Baker Has No Power To Supervise Road Contracts

COLUMBUS, O., May 18.—(By the Associated Press)—State supreme court today held that Finance Director W. E. Baker is without authority to supervise road contracts in overruling a demurrer to a petition of the highway construction company of Elyria asking the court to compel Baker to pay estimates on four roads in Lorain county now in course of construction. The finance director was given five days in which to answer the petition or permit the ruling on the demurrer to stand and pay the estimates.

The action of the court administers a defeat to Governor Donahue's plan of regulating the methods and materials employed in Ohio's highway construction program and provides a distinctly new interpretation of the administration re-organization code in its relation to the powers of the governor in regulating the activities of the highway department.

The action of the court effects defeat for the governor and finance director in two distinct instances, the first being the Lorain county road projects, the second the Jackson county highway case in which Contractor Oather M. Junk, of Chillicothe, sought to compel the director to sign a contract.

If Finance Director Baker answers in five days the court will proceed to hear both suits. If no answer is filed the litigation in the supreme court is terminated by the overruling of the demurrers.

In holding that the director of finance is without jurisdiction over the letting of highway contracts or over the payment of estimates on projects under construction, the supreme court ruled that he has power only to audit contracts, copies of which are submitted to him by the highway director under the code.

The Lorain county cases are still pending in the Franklin county court of common pleas, where suits were brought by a tax payer to enjoin the state from paying the estimates on the four road projects. They will be argued Monday.

GROTTO CEREMONIAL TOMORROW NIGHT; 100 CANDIDATES TO MAKE LONG JOURNEY

Tomorrow night is the time, and the Masonic Temple the place, for the spring ceremonial of the Yezdigurd Grotto when it is hoped that a class of 100 Neophytes will be ready to take the "long and dangerous" journey over the road that leads to the realm of Pleasure, Good Fellowship and Fun.

Monarch William F. Zottman, who has been busy several weeks, getting everything in ship-shape, for this spring ceremonial, announces that the petitions are rolling in and that indications point to a banner-class this Saturday night.

The usual ritualistic work that has been put on at the Sun theatre at past ceremonies is to be dispensed with this one time which means the candidates and Prophets will not have to assemble before four o'clock at the Temple. Fourth and Chillicothe streets. There will be the usual fun at the assembly room prior to the march to the banquet hall at five o'clock and that means a splendid feast will be served. After dinner the candidates and Prophets will form a procession for the usual street parade with the Grotto Band of nearly fifty pieces heading the marchers. The parade will be over the main streets, ending at the Temple. There will be a half hour's band concert in the lodge room following the parade and then will come the stunts in the banquet hall.

The candidates will furnish the fun and every Prophet knows what that means for he has been in the same

place himself. There will be new stunts this time for the committee has been busy the past week preparing the "material." An effort is being made to have this ceremonial the best yet and that is some job, for the past ceremonials have been filled with fun from beginning to end and the committee has a big job on its hands to make this stunt ceremonial better than the others.

All Masons who are not members of the Grotto should get in on this Saturday night.

Prophets who have not secured their candidate should get busy and have a petition filled out, signed and turned in to Secretary John A. Ives by four o'clock tomorrow.

Officials Who Made Trip To Cleveland Must Bear Own Expenses; Ruling Given

According to a ruling just made by the State Auditor's Department the Mayor and Councilman Edward Westphal and Charles C. Horr must pay their own expenses incurred recently when they made a trip to Cleveland to investigate methods employed by the engineering department of that city.

City Auditor J. Earl Chandler received a letter Thursday from A. H. Foster, deputy supervisor of city village and utilities work informing the Auditor that the payment of such expenses was illegal.

Auditor Chandler stated last night that he would ask the Mayor to pay back into the City Treasury the money he received as expenses for the trip.

The letter received from the state department follows:

Mr. J. Earl Chandler, City Auditor, Portsmouth, Ohio.

Dear Sir—We are in receipt of your letter of May 14, 1923, requesting our opinion relative to the legality of paying expenses of the Mayor and two members of Council to investigate the kind of engineering departments maintained by other cities. Section 4327 G. C., provides that the Director of Public Service may establish such subdepartments as may be necessary and determine the number of superintendents, deputies, inspectors, engineers, draftsmen, clerks, laborers and other persons necessary for the execution of the work and the performance of the duties of this department.

You are therefore advised that it is the duty of the Director of Public Service to create subdepartments, including the Engineering Department, and, under the provisions of Section 4323 G. C. to make rules and regulations for the administration thereof. This duty is not incumbent upon the Mayor or Council and, in our opinion, the expenses of such Mayor and members of Council incurred in investigating the organization of Engineering Departments of other cities cannot legally be paid from other funds.

In Opinion No. 723 of October 23, 1912, to be found in the annual report of the Attorney-General for that year, Volume I, Page 432, in the third paragraph of the syllabus, it was held:

"The Superintendent of the Water Works Department under like conditions with reference to purchases of the Water Works Department, may be reimbursed for expenses to such conventions incurred in a visit authorized by the Director of Public Service."

In the body of the opinion, the Attorney-General says at one point: "For as regards the necessary visits to other localities for the important purpose of acquiring information with reference to a definite present contemplated undertaking, such as the purchase of machinery, the decisions permit of a modified application of the above rules (decisions

enjoined by law." the reasoning in this opinion applies by analogy to the instant matter.

Very truly yours,
A. H. Foster.

OHIO MAN MODERATER

INDIANAPOLIS, IND., May 18.—(By the Associated Press).—With the work of electing a moderator out of the way, the general assembly of the Presbyterian church in the United States, in session here, will get down to actual business today.

At this afternoon's session, the Rev. Lewis S. Mudge, the stated clerk, will report on the referendum vote on overtures sent down to the Presbyteries by the general assembly at Des Moines last year.

Dr. Charles F. Wishart, of Wooster College, Wooster, Ohio, who was elected moderator at yesterday's ses-

sion after a spirited race with William Jennings Bryan, will be presented with the gavel today and is scheduled to address the assembly.

The moderator had led a field of four on the first ballot and of three on the second, when he came within eighteen votes of election, but after all other candidates had withdrawn, Dr. Wishart forced ahead, winning by 451 to 427 with 439 votes needed to elect.

Friends of Dr. Wishart based their campaign on the claim that an ordained minister was needed to direct the highly specialized work of the

church and on Mr. Bryan's views on the theory of evolution, holding that his position as a leader of the fundamentalists would not be conducive to unity.

Bryan Is Silent.
The three times Democratic nominee for President, Mr. Bryan declined to discuss his defeat. He had left the hall when the nomination started and sunned himself on a balcony during the two hour fight.

The election of the moderator was the high spot of the opening day's session of the 135th assembly of the church. Dr. Calvin C. Hays, the retiring moderator, opened the week's convention this morning with his annual sermon, after the nearly 900 delegates had partaken of communion.

Last night Will H. Hays, president of the Motion Picture Producers and Distributors of America and former Republican National Committee chairman launched a campaign for a \$15,000,000 addition to the endowment fund for aged ministers in an address before the first "popular meeting" of the assembly.

Compared To Ditch Diggers.
Mr. Hays, who is an elder of the church at Sullivan, Indiana, is attending the assembly as a member of the Indiana delegation.

He compared the pay of Presbyterian ministers to many classes of common labor and showed the average salary of a pastor of the church is less than that of an alien ditch digger.

Following the election of Dr. Wishart standing and special committee were appointed and the assembly adjourned until tomorrow.

The actual business will open tomorrow with the presentation for reference to committees of the bills, overtures, synodical records, minutes and annual reports of the boards, permanent committees and theological summaries.

Hays Supports Bryan
The four candidates nominated for moderator included two Californians, the Rev. Hugh K. Walker, pastor of the First Presbyterian church of Los Angeles; Rev. Frank M. Sibley, of Oakland, California and Dr. Wishart and Mr. Bryan.

Will Hays whose name had been mentioned as a possible candidate announced to newspapermen he would support Mr. Bryan.

Is Widely Known.
WOOSTER, O., May 18.—Dr. Chas. F. Wishart, who was elected moderator of the Presbyterian general assembly at Indianapolis today, is serving his fourth year as President of the College of Wooster. He came here from Chicago where for six years he was pastor of the Second Presbyterian church.

For sixteen years preceding that time, he was pastor of the United Presbyterian church at Pittsburgh. It was said here that he will retain the presidency of Wooster while serving as moderator.

Another Machine Wrecked When Hit By N. & W. Train; Driver Uninjured

For the second time within 24 hours another automobile, stalled on the N. & W. tracks in the North End, was smashed to pieces when struck by an N. & W. freight train. The machine, owned by T. B. Phillips, colored, who operates a grocery at 1418 Waller street, stalled on the tracks on Eleventh street, west of Waller, and was wrecked when hit by the train at 1:30 this afternoon. Phillips, who was at the wheel, jumped and was not injured. He saw the train approaching and when he saw he could not get his car started in time to prevent the accident he leaped from it and saw it reduced to wreckage when the impact came. Thursday afternoon a machine was wrecked when struck by an N. & W. train at Eleventh and Gay streets.

Two Bomb Explosions In American Government Premises In Mexico City

MEXICO CITY, May 18.—(By the Associated Press.)—Two bomb explosions on United States government premises in Mexico City have occurred this month, the first at the American embassy on May 4, and the second today in the building housing the American consulate general. The fact of the first explosion did not become known until after the bombing at the consulate building today. Neither bomb did material damage. This morning's outrage occurred at 2:35 o'clock when a bomb was exploded at the side door of the consulate general, damaging the door and destroying the windows on the lower floor, but causing no casualties. The consular officers themselves were not affected, the damage occurring to the furniture. The first explosion, it was said, occurred at 3 o'clock on the morning of May 4 in the garden of the embassy building near the terrace, a fragment from the bomb clipping a chunk off the embassy building.

Harding Will Face Big Rumpus When He Tackles Disputes In Alaska

WASHINGTON, May 18.—(By the Associated Press.)—President Harding has been under the spell of the Yukon for 45 years. The secret of what is drawing the president to the vast northern domain was learned today from Ohio friends of the president. Old timers, however, regard the president's trip as futile from a practical standpoint. Alaskan miners say no man can learn Alaska in two or three weeks. Railroad and traveling facilities are so limited that Harding and his cabinet advisers can gain but a fleeting glimpse of Alaska and its complexities. When Mr. Harding gets through in Alaska he will be the center of a grand row concerning disputes in the territory. So far as placing Alaska under jurisdiction of one department, Alaskans declare it can't be done. Colonization which would be sure to infringe on rights of old settlers, would be vigorously opposed. Alaskans assert that the president now has power to stop salmon fishing and packing in Alaskan waters. Unless it is stopped at once, it is declared that salmon will be extinct in three years. Any attempt on the part of the president to liberalize the Alaskan mining and land laws, will start a big rumpus, Alaskans say.

First Annual Boy Scout Show Tomorrow

Tomorrow will be a great day in local Boy Scout circles. It marks the first annual Boy Scout show of the Portsmouth Council. Many fine events have been held in Portsmouth but this one promises to be among the leaders in point of popularity. This affair is to start tomorrow at two o'clock in Memorial park and is to be held in the natural amphitheater or horse shoe mound. Groups will be stationed in given places on the mound and the events will take place in the center. No better place could be found in the city for this activity. The event which is causing a great deal of interest in the window trimming. Several windows are finished and more will be shown on Saturday. Displays are now ready at the Criterion Clothing Co., Anderson Bros. Co., United Woolen Mills store and Hershov's furniture store. The windows will be judged before the show starts and the winner announced at the park. Immediately after this the following events will be run off: Fireman's lift race, one hundred yard dash, fire building and water boiling, Scout pace, pup tent pitching, running broad jump, wall scaling and chariot race. The barrel tilting will be of great interest to every one. It is a very exciting event. This show is put on as an educational feature of the Boy Scout program and to show some of the many things which are enjoyed by boys who belong to this movement and to show that the movement does try to make every boy "physically strong, mentally awake and morally straight." There is to be no admission charged and every boy is welcome. Another feature of the show is the presence of ten merit badge Scouts from Huntington, W. V., who will ride their bicycles, leaving Huntington at five-thirty in the morning. Their Executive will be with them. He is to act as an official.

Steal Electric Light Plant

COVINGTON, Ky., May 18.—Kentucky county authorities today were searching for a large electric plant stolen from the Oak Ridge Community. It had been discovered last night when residents of the community went to the hall to hold a social gathering. The power generated from the plant lighted approximately 200 lamps. It is believed that the thieves carried it away in a large automobile truck. They were forced to take the machinery apart, piece by piece, in order to get it out of the building. Radio has been enlisted by the authorities to broadcast the description of the plant. They believe the robbers have taken it to Lexington to sell it.

NEW YORK, May 18.—(By the Associated Press.)—If the Supreme court edict preventing trans-Atlantic craft from carrying liquor within American 3 mile limit stands, the Cunard Anchor Lines will adhere strictly to the law, Sir Ashley Sparks, general agent for the United States, announced today upon his return on the Aquitania from a conference with officials of the lines.

SOCIETY

Mrs. F. W. Burke delightfully entertained a group of teachers of the Wheelersburg High School last evening at her home in Wheelersburg, as a farewell courtesy to Miss Inez Bauer, one of the efficient teachers who will leave next Tuesday for her home in Westerville, Ohio. The evening was spent in games and music and later a dainty luncheon was served.

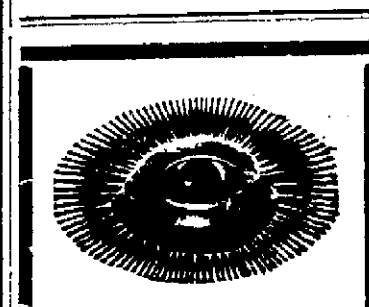

Members of the Joseph Spencer Chapter, Daughters of the American Revolution held one of the most enjoyable meetings of the year recently at the home of Mrs. J. A. Booker, on Franklin avenue. At this meeting the annual reports were given and officers for the coming year elected. Mrs. A. E. Everard, one of the delegates to the Continental Congress held in Washington, D. C., several weeks ago, gave a report of the meeting and also of her trip, in a very interesting manner. The election of officers resulted as follows: Regent—Mrs. James S. Thomas. Reception—Mrs. Agnes Roe. Librarian—Miss Anna Ross. Historian—Miss Jeanette Silcox. Executive Board—Mrs. A. E. Everard, Mrs. J. S. Rardin and Miss Elsie Watkins.

Pursuit Fund Given Police

CLEVELAND, O., May 18.—A pursuit fund of one thousand dollars to finance city detectives in a secret search for J. L. Whitfield was given Police Chief Grant by County Prosecutor Stanton today. The money was taken from the \$5,000 fund voted Stanton by common pleas judges and was turned over to the chief after he and the prosecutor held a prolonged conference at which every conceivable phase of the man-hunt for the slayer of Patrolman Dennis Griffin was gone into in detail. The pick of the city detective bureau will be selected by Grant to run down the fugitive and his fifteen year old girl companion, Marie Pique, but the utmost secrecy will guard their movements in the case. Neither Stanton nor the chief would disclose whether the pursuit would lead to the east or west.

Russell Team Plays Here Sunday

The speedy Russell aggregation will be the attraction in Millbrook park Sunday afternoon when the fence busting Kentuckians come to assist the surging Hays Motor crew in lifting the lid off the local base ball season.

Manager Otha Lewis and his pals are just champing on the bit to lock horns with the fast flying invaders, who have been beating all comers this spring, confident of their ability to halt the triumphant march of the Russell athletes. These two crack clubs are regarded as equal in strength, judging from their clashes on the diamond in 1922, when they quit on even terms and with the old rivalry asserting itself the teams will renew the struggle for supremacy just where they left off last year, with the promise of plenty of action through the combat.

Hostilities will start at 2:30 and when Empire Buck Yeager sets the bats to work there will, from all indications, be a big throng of fans on hand to greet the athletes and witness the exhibition, besides, cheer our boys on to victory.

The diamond is in good condition and the commodious grandstand has been thoroughly renovated. There will be plenty of good seats at popular prices for everybody.

To Play Beaver

The Industrial Stars who trimmed Wheelersburg, last Sunday, have booked a game with Beaver for Sunday to be played in that village. The team members meet tonight to elect officers.

NEW COACH

LOS ANGELES, May 18.—Wm. H. Hess, captain of the Pennsylvania State College football team and All-American player in 1921, has signed to coach the eleven of Loyola College here. He was freshman coach at the University of Southern California last fall.

FEATURES OF YESTERDAY'S GAMES

NEW YORK, May 18.—Branch Rickey's St. Louis Cardinals, having won edges on both the Philadelphia and Boston clubs, thereby displacing the Braves in second place in the National League, appear today as the strongest team the New York Giants will have to face in the forefront of the season.

Rogers Hornsby of the Cardinals laid off yesterday to prepare for an attack on the Giants next week, and St. Louis never missed him, battering Grimes of Brooklyn off the slab in the seventh, winning 6 to 3.

Having taken but one game from the Reds, which they did yesterday 13 to 6, it is too early to foretell how the Giants are going to fare against Cincinnati.

But considering that the Giants hammered Pete Donohue, last year's leading league pitcher, out of the box in five innings, it appears that the McGrawites will not be greatly ham-

pered. The Giants take on the Cardinals after the Reds have beaten the Pittsburgh Kers on the toboggan when Dick Rudolph came out of retirement and pitched the Boston Braves to a sensational 10 inning victory in a pitching battle 1 to nothing. The victory lifted the Braves to a tie with the Reds for second division leadership and to within a point of fourth place.

The battered Chicago Cubs defeated the helpless Phillies 7 to 4. The New York Yankees slammed Urban Shocker of St. Louis as though he were a recruit, 9 to 2, and the Philadelphia Athletics showed contempt for the veteran Uhl of Cleveland, winning 4 to 2. Babe Ruth got his fifth home run of the season.

Detroit defeated the Boston Red Sox, 6 to 2. Washington pounced on the Chicago White Sox in 10 innings 3 to 2 and came within an ace of overstepping the slipping Browns.

SELBY TEAM TO GIVE DANCE

At a meeting of the officers of the Selby Baseball League Thursday evening it was decided to give a benefit dance in the factory restaurant Friday night, May 25, to secure funds for the factory baseball league. E. P. Fischer was named chairman of the

committee on arrangements. He will name a booster committee of 25 who will endeavor to dispose of 800 tickets. Plans are being made to play the games on the York park diamond.

TO BOX IN CHICAGO

CHICAGO, May 18.—Mike McFigue, conqueror of Battling Siki for the world's light-heavyweight championship, has been signed to box here June 1, but his opponent has not been selected. Harry Greb, former American light-heavyweight champion, is under consideration.

Shaft To Friend

JERSEY CITY, N. J., May 18.—By the Associated Press.—Standing in the Holy Name Cemetery here is a gleaming new shaft bearing the epitaph: "Efficient, Faithful and Honest."

It has been erected by Elbert H. Gary, executive head of the United States Steel Corporation, in memory of Thomas Murray, one of Mr. Gary's friends, who went into the corporation a small boy and died two years ago assistant treasurer.

Mr. Gary has reared many monuments to departed friends, dotting the village churchyard in Wheaton, Ill., near the farm on which the steel magnate was born, are many stones bearing the inscription: "Erected by Elbert H. Gary."

LONDON.—Seymour Hall lost his European lightweight title to Harry Mason of Leeds, for hitting low in the thirteenth round.

NO OCCASION FOR EXCITEMENT

PRESIDENT HARDING, according to interpretation of his ardent organs, in a letter he writes to a New York citizen concerning the repeal by the state of its anti-liquor laws, sees nullification and another civil war looming up in the offing. Which just impresses us that His Excellency as a Republican contemporary is fond of referring to him, is due for another violent spasm of wiggling and wobbling.

Personally, we think it absurd for any state to repeal its penal liquor laws as long as national prohibition is in effect, but can see no reason for any one getting excited when one does and running to wild vision of treasons and bloody stratagems. And nowhere is calmness and common sense demanded as in considering any phase of the liquor issue. At this juncture every disputant should bear in mind the relations of state and nation under the federal constitution. These are rather complex, sometimes clear and sometimes rather involved. Above all he should understand that while the state can not, under the constitution, set up its own authority against that of the federal government, it is by no means compelled to support it to the extent of making statutes identical with those made by congress. That is to say congress may penalize a certain act as a crime but it does not necessarily follow that the state also has to make punishment of it. Generally it is the wiser policy to do so, but compulsion and wisdom are not synonymous. Indeed, the national laws do make many things criminal that state statutes make no reference to whatsoever.

If New York state chooses to give the nation free and lone hand in coping with illegal traffic within her borders, that is the business and the right of New York, however ridiculous it may be thought by opposing elements.

Nor can anyone say her position is not without reason. Enforcement by states of prohibition have not only been dismal failures, professed effort at it has been the fruitful field of scandal and oppression. It has bred spies, informers, blackmailers and petty tyrants at a maximum within a minimum of results. Put enforcement solely into the hands of the federal government, to the alleged violator off to some remote city, take him before a judge who, he knows, will mete out justice and there'll be some results. The federal government has never yet failed to compel observance of its laws when it set out alone to make them observed.

MIGHT HAPPEN ANYWHERE

PRESIDENT WILLIAM F. PIERCE, of Kenyon College, is much distressed by newspaper accounts of a raid by prohibition agents upon a ball given by students of the institution. It wasn't highly productive of results, as such matters go, but it was played up big in the press and the good president fears this will bring the college into disrepute.

His concern is built upon his reputation of liquor rather than upon the episode itself. The raid produced a total of two students, who were, apparently under the influence of intoxicants and one who carried a bottle in his pocket. We submit that in these days of bootlegging and dissipation among youth, that is a surprisingly small number as compared with the four hundred at the dance.

It is regrettable, to be sure, that notoriety should be thus brought upon an old and worthy institution, but the public looks upon the situation sensibly. It knows on the one hand that all the traditions of Kenyon stand against any sort of dissolute conduct on the part of its pupils; it also knows the widespread disorder of the day and that no matter how fast set an institution may be against indulgences, no matter how much vigilance it may exercise in bar of their occurrence, it is impossible to eradicate them altogether.

So Jess Willard and Firpo are going to fight to see which shall have the dubious privilege of facing Jack Dempsey in the ring. A bid for more gullible dollars to come out. And they will come out, never fear about that.

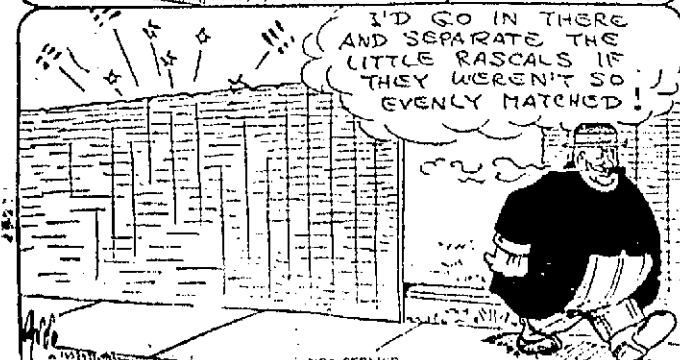

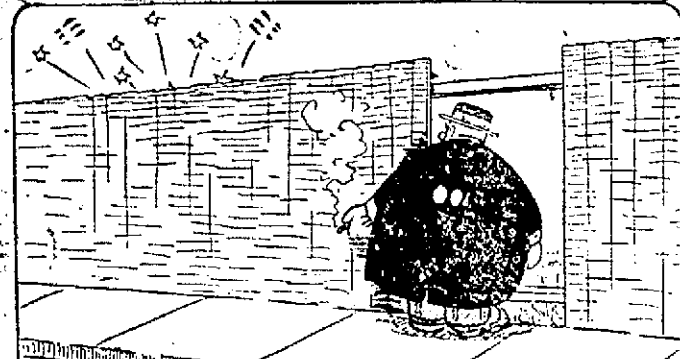

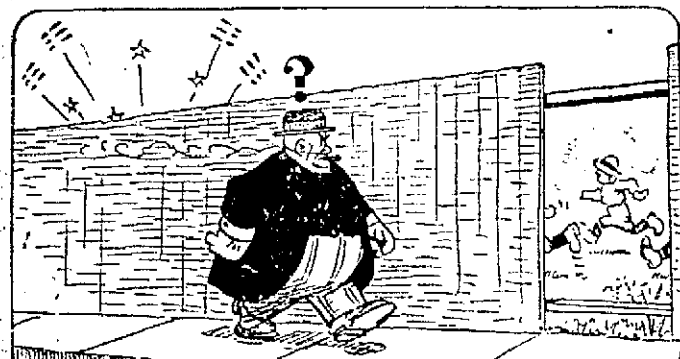

Hot Springs isn't any adept in the publicity game. First word she sends out is that not a soul was lost in her phenomenal flood. Well, there is no doubt about the phenomenal-ness anyway.

English securities are advancing. Say what you will, the old gal of the seas knows there is profit in getting down to the knitting as soon as possible.

Prohibition Commissioner Haynes is again working his mouth over time. I.e.s words and more execution in his department would be more becoming.

EVERETT TRUE

BY CONDO

New York=Day=By=Day

BY G. O. McINTYRE

NEW YORK, May 18.—Thoughts while strolling around New York: The crash jungle of the Bowery. Children splashing in public pools. The Hobo College. With sidewalk camps. Nothing pedantic about the scholars. Some carry pup tents. And thrill to Gorky, Nietzsche and Spenser.

The "pullers-in" of Baxter Street. One may be omitted from head to foot for St. That old sign is still here: "Black Eyes Painted." Ancient Cooper Union. Lincoln once spoke there. Three wooden-legged men sunning themselves in front of a lodging house.

St. Marks-in-the-Bowery. Graveyard space on either side. Walls covered with ivy. And rows of beggars squatting along the pave. Peter Stuyvesant used to worship in this neighborhood. A short street inhabited by Syrian Jews. Old, insouciant men puffing cigarettes.

Chinatown in the morning has a dignified violence. Only the printers in Pell Street seem to be working. The colored postman making his rounds. Been delivering mail here 12 years. And can speak Chinese. Slinking alley cats. Bags of leeches nuts. Squalor.

Tragic young men of Five Points. Always ready for a gutter fight. A famous old Bible House. With a sort of Old Testament grandeur. Scissors grinders. Sight-seeing buses. Strawled women with parrots that tell fortunes.

Why doesn't The World re-gild its dome? Sailors with fantastic tattooing. Day dreamers in City Hall Park. Mayor Hylan's car. And the two plain clothes men who guard him. There's fame. They're named a glass of soda after Irene Castle.

The blares of bands on gay Coney Island steamers. Battery Park fills with noonday saunterers. Drums steamers tugging at anchors. And now and then a clipper ship. Here's an empty bench. The stroll is over.

A dozen new women taxi drivers are now on the job in the vicinity of the Martin Washington Hotel and the Lamb's Club. They are all, as the saying goes, quite easy to look at. They wear blue, gold braided caps with a sort of English Bobbie chin strap. It is a new experiment, being tried out by one of the leading taxi companies. About a year ago the only woman driver of a public taxi in New York gave up her job in disgust. She said the largest tip she ever received from a fare, was ten cents.

In a corner niche just big enough for a half dozen tables in the triangular square that separates Broadway from Seventh Avenue, a Cheshire Cheese has been opened. It, of course, borrows its name from the

venerable London place, but its fire is mostly the Welsh torch. It offers a midnight snack of rarebit and mild beer which has long been the mid-night delicacy for girls of the burlesque and minstrel shows nearby. It will catch on for a while—these little bizzare cateries invariably do. But in the end they disappear as rapidly as their bloom—overnight. Their demise occupies a line or so in the newspaper bankruptcy petitions. In the background, however, is generally a tragic story of self denial, of ruined hopes.

Many crippled and blind news dealers around Times Square save for years in the hope of having a little business of their own. They depend on their newspaper patrons to patronize them and have many promises, but they are not as a rule fulfilled. So they go back to the end of their stands completely disillusioned and their faith in humankind a little shaken. (Copyright 1923, By The McNaught Syndicate, Inc.)

Compensation
Here everything that happens wrong
A dozen things go right.
For every tear a flood of song
Rings out across the night.
For every dark and stormy day
A week of days are fair.
However chill the clouds and gray,
'Tis always bright somewhere.
For every heart of bitterness
A host of hearts are light.
For every hour of deep distress
A whole long day is bright.
For every faithless friend we find
That many friends are true.
So, after all, God's mighty 'Kind
To such as me and you.

His Secret Dread
"Why do you jump at the sound of a motor-car?"
"Well, some time ago my chauffeur eloped with my wife, and every time I hear a horn I think he is bringing her back."—The Passing Show (London).

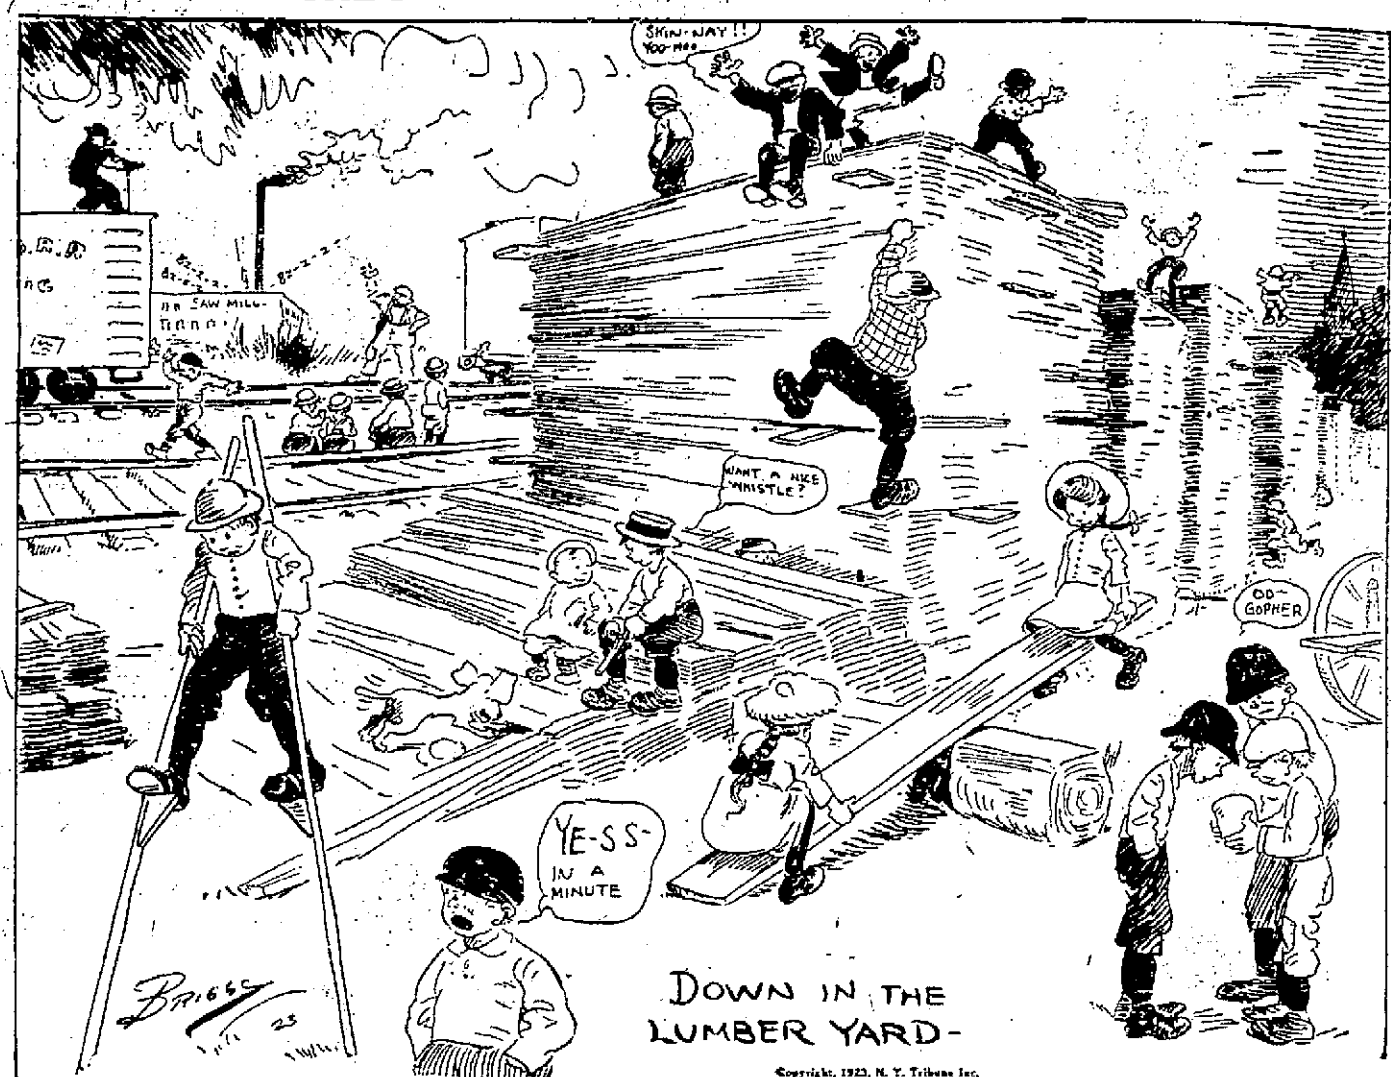

The Decoy
A clergyman, taking occasional duty for a friend in a remote country parish, was greatly scandalized on observing the old ferry, who had been collecting the offertory, quietly abstract a fifty-cent piece before presenting the plate at the altar-rail.

After the service he called the old man into the vestry and told him with some emotion that his crime had been discovered.
The vergor looked puzzled for a moment. Then a sudden light dawned on him.
"Why, sir, you don't mean that old half-dollar of mine? Why, I've led off with that for the last fifteen years!"—Everybody's Magazine.

Wise Jottings
Inquisitive people acquire a lot of information that isn't so true.
It is hard to keep the man down who is able to keep up appearances.
Even a lazy man will hurry when a train stops ten minutes for refreshments.
A theory that has neither faith nor trust in its foundation doesn't amount to much.
The man who has no get-up about himself will never succeed as a ballplayer or a hoodlum.
Instead of seeking the man the office is kept busy trying to pick him out from the crowd of applicants.
